

Assassination  
Targets the diplomacy  
Shoot first ask questions later  
Digest the enigma  
Open up the revelations  
Now I'm using fear based mind control

Drown out your sorrow  
Fixing the broken system  
With revenge you're suffering  
Into an obsession

This is payback  
So fuck the truth  
This is payback  
I'll sentence you to death

I can feel it the corruption  
Payback, so fuck the truth  
I can feel it  
Endless methods  
Punishment and recognition

No second chance  
To survive the torture  
There is no second chance  
I'll sentence you to death

I will not take  
What you want  
Give me the right to  
Execute your fantasy  
I will not take opposition  
Punishment and recognition

This is payback  
So fuck the truth  
This is payback  
I'll sentence you to death

Drown out the sorrow  
Fixing the broken system  
With revenge your suffering  
Into an obsession  
Drowning out your sorrow  
Fall into the blackened hole  
Asphyxiated universal burial
