

# Who Will Take the Blame

Dååth

Home  
The great wrathful shall roam  
Stalks  
Cut free of life  
From  
The kingdom of lies  
Bend  
Your knees for me

(lie)  
It's built in  
(inject)  
The system  
(absurd) this  
Is the  
(revealed)  
Mind  
Who will take the blame?  
(lie)  
It's built in  
(inject)  
The system  
(absurd) this  
Is the  
(revealed)  
Mind  
Who will take the blame?  
Who rolls the force over me?  
Who falls from that pressure painfully?  
Who falls from grace down to shame?  
Who rolls the force over me?

Home  
The great wrathful shall roam  
Stalks  
Cut free of life  
From  
The kingdom of lies  
Bend  
Your knees for me

Those that take  
From those who are sick  
With minds that mix  
The facts with fantasy  
Those that take  
From those who are sick  
With minds that mix  
The facts with fantasy

He loves  
The part  
He was taught  
Disowned of thought  
With nature to judge  
But it's all on one side  
Inside it's dark

But it's home to his mind  
His path  
Shall free  
The tortures inside  
The tortures  
Inside

(lie)  
It's built in  
(inject)  
The system  
(absurd) this is the  
(revealed)  
Mind who will take the blame?  
(lie)

It's built in  
(inject)  
The system  
(absurd) this  
Is the  
(revealed)

Mind  
Who will take the blame?  
Who rolls the force over me?  
Who falls from that pressure painfully?  
Who falls from grace down to shame?  
Who rolls the force over me?

(me! me!) - in the background  
Fill these voids with light  
Praise the great profane  
Pain shall procure the rain  
Raping the barren land

Home  
The great wrathful shall roam  
Stalks  
Cut free of life  
From  
The kingdom of lies  
Bend  
Your knees for me
