

Beeper

DaBaby

My trap phone jumpin' like a beeper, thumpin' like a speaker
Cutting pretty hoes off
I always been a loner I don't really need 'em
Tryin' not to doze off
Ain't been getting sleep, I practice what I'm preachin'
If I ever go pull up to my old school, bet I can fuck on all my teachers
I'm the fuckin goat, these muhfuckas know it...

This ain't spoken word but I'm a fuckin' poet
This a 40 if I up it Imma blow it
Every song I got I blank
I see these niggas hatin' on the internet, but I don't never see them at the bank
I'm at the counter takin' out some rap money
The teller tell me that I act funny
I'm going shoppin' with the trap money
I put that shit on and I drip
I tried to sneak in that bitch with the rod, my shirt was too tight it ain't cover the clip
I'm getting high on the low with yo bitch, drinkin' hen while i drive
I'm control the whip
I wouldn't try this at home, I got on take a nigga bitch cologne
Don't try to pull out ya picture phone
Kiss on this dick ain't no mistletoe
You know I'm the shit I can switch a hoe
Get rid of a bitch, I don't miss a hoe
Forget it, you blew it, its over
All hunnids they blue like they rollin'
Did my dance and I took ya lil' hoe
She like how I be moving my shoulders
You know how the boy do it, I'm posted, I keep that shit lowkey I still got that OG
And he gon' try to cap for his partnas, don't know nothin' 'bout me, but act like he know me
And I might catch a flight to LA just to go back and shoot my shot like I'm Kobe
Then I go catch a flight back to Charlotte and get off the load by my muhfuckin' lonely
'Cause my
