[Chorus: DaBaby]

Yeah, both of 'em bad, saditty (Yeah)  
Shakin' their ass and titties (Go)

Monique got some shit she playin' in the whip  
TT just went and got some brand new hair (Let's go)  
I know I had them fire hoes mad at me  
But you can't turn this bitch up without Baby, I got 'em like  
She wanna link with her bestie and turn up (Let's go)  
Wanna link with her bestie and turn up

[Verse 1: YoungBoy Never Broke Again]

Got that bag and all saditty  
She told me, "Just hit me," I come to her city  
I'm tryna go shoppin', I'm bringin' her with me  
In my cup, pour that purple, she fuck with the Henny  
Party, I'm spinnin' the bottle with bitches  
Freaky, I'm fuckin' with all of these women  
I'm tweakin', I'm givin' 'em all of them Xannies  
She wanna take her a pic' on her iPhone  
Can't get in it, I never once hit it  
You know how these people be think  
We can stay as just friends, they gon' say that we fuck around  
At the loft, hit her up 'fore I lay it down

Don't tell me no when I'm motherfuckin' talkin' to her  
Fuck around, I get mad and I bat you up
