Yeah, yeah, yeah
I've been blind for a while now

I just got the key, they let me in, no ID
Doors openin' up for me and now I see
I've been blind for a while now

Every single goddamn day, a nigga think he next to leak it (Next to who?)

Thankful that my head too hard for me to learn my lesson (My head too goddam

They see the way he fuckin' up the charts (Hmm)
I wonder is he ever gon' stop?
And he charge a hundred-fifty for the verses now
Pay it or he never ever drop
They noticed that a nigga music versatile
Wonder if he ever goin' pop? (Go)

Now they know that they can't stop me
Don't place me in no cop car
Yeah, I'm off probation, so it's gas I blow
I found love in my bitch, so I don't ask no more
I can really sit back, ain't gotta pass no dough
All of my brothers get loot, I don't got ride with pistols (Yeah)
They found him dead, he dissed you (Woah)
PTDS, don't you tell me you lost me (Woo)
