

## CALL IT EVEN

DaBaby

My demons come for me when the lights go off (They do)  
Hard for me to get good sleep  
Sometimes I don't know what to do but get the mic, go off  
This music shit be therapeutic  
He just got a new gun, but he scared to use it  
Teach him how to shoot it, get that boy a tutor  
One day he might need it  
And I'm not the one to try to understand 'cause it might get confusin'  
, so let's call it even  
I just took a jet to see my daddy gravesite  
A round trip to Cleveland and came back to Charlotte  
My cougar thirty-  
six years old, when she ride around, she got the nina

I'm not talkin' Cash App (Go)  
I don't jump in no water and back out  
These niggas gotta see me act out  
Since a kid, a nigga been the man with the plan, I'm a cash cow, yeah  
Show a nigga money, I'ma go and get the money  
I ain't goin' in the house until I get it  
And these niggas know a nigga hungry  
They ain't seen a real nigga top the charts in different countries in  
a minute, you get it?  
I-N-D, she independent  
You better cover up your eyes, it's double V's inside my pendant  
VVs in it  
Pull up in the foreign bumpin' Chris Brown, know I got a RiRi in it  
But no umbrella  
COVID-19 fuckin' concerts up, nigga, no Coachella  
No Rolling Loud  
Ain't smoked a blunt in six months  
Daddy died, but I know the nigga proud  
Cheat on a ho even if she ain't a ho  
It ain't right, but she still hold it down (Loyal)  
Go ask the check, bitch, I'm loyal  
I cash the check, give it straight to my lawyer  
Gas up the jet, we one-way straight to Florida  
And add some respect to my name, that's an order (What's that?)
