

Carry It On

DaBaby

Yeah
Bitch

Know you don't love me, so tell me you don't
Can't sit here long, keep on carryin' on
Paranoid nigga, don't stare at me long
Gun in my bag, almost carried it on
Jonathan never'll go like a bitch
Hide all my tickets and bury my songs
Kirk, he a man, he stand on what he feel
The whole world against him, he stand on it strong

I see you caught on the media, huh?
You never met you a nigga to stand on the business, so that's why you leavin'
' me, huh?
I kept it pimpin', ain't let 'em catch on when I seen her, but bae, I been s
chemin' on her
Roll up, bae, go put some weed in a blunt
Buss it wide open, been fiendin' for her
Workin' real hard, she been needin' to fuck
All by myself, ain't been needin' no one, no Viagra, I been keepin' it up
I'm a savage, he think he twenty-
one, I'm not average, they're gon' see when it's done
I'ma make sure that my daughters grow up with their daddy, I'ma keep me a gu
n
With the glasses like I'm Stevie Wonder, on their asses, I don't see anyone

Know you don't love me, so tell me you don't
Can't sit here long, keep on carryin' on
Paranoid nigga, don't stare at me long
Gun in my bag, almost carried it on
Jonathan never'll go like a bitch
Hide all my tickets and bury my songs
Kirk, he a man, he stand on what he feel
The whole world against him, he stand on it strong

Go through it, nigga, and stand on that shit
Nuts to the floor, I'm the man in this bitch
Motion, I can't stand, never still
Soldier, I'm a stand-up for real
Focus, time to man up for real
Fuck all the fame, give a damn 'bout the deal
I put the morals and principles first
'Cause I'm still a man when I stand in the mirror
They was tryna tell me they love me, it's hard to believe it
'Cause growin' up, some of my family ain't even really love me
This shit'll get deeper then a mo-fuckin' sea
It's a shark in this bitch, better swim over there or get eaten
Nigga, can't even take no advice from you niggas, you see in their face how
they're schemin'
I can't even look at these niggas

I know you don't love me, so tell me you don't
Can't sit here long, keep on carryin' on
Paranoid nigga, don't stare at me long
Gun in my bag, almost carried it on
Jonathan never'll go like a bitch

Hide all my tickets and bury my songs
Kirk, he a man, he stand on what he feel
The whole world against him, he stand on it strong
