

DONE TRYING

DaBaby

Look
You know what it is and what it ain't
I know its been awhile since we got vibe
Stressed out all the fuckin time
Wanna hit you up to tell you that I'm fine
But you know how many times
I still been smoking to get high
Tell the truth you on my mind

Baby you know what it is and you know what its not
You was around a nigga still when niggas wasn't hot
They know I paid them dividends to get they brother dropped
And never sold my soul I might fuck around and be another pac
Or fuck around and be another me
The only thing I'll change about the past is my big brother G
Everything you see in these walls and glass was earned it wasn't free
I gave all the leeches they last turn 2023 I'm done tryin

Take one more time to try
Yeah every nigga life I took that bitch ass nigga was tryin to die
Ya hear I don't leave shit in the trunk
Scary ass nigga gonna ride and ride
Bitch ass nigga gonna run and run
And if you gonna stand and hide then hide
My life done always been all kinda crazy
Now my momma poppin and drivin Mercedes
And I go from here to dubai if they pay me
If I wanna gamble I fly out to vegas
If I want some water I fly out to florida
Whereve I go ima go with a gun
If you know what it is then you know I'm the one
Believe that
You know what it is
Been a while

Know a nigga tired

Baby you know what it is and you know what its not
You was around a nigga still when niggas wasn't hot
They know I paid them dividends to get they brother dropped
And never sold my soul I might fuck around and be another pac
Or fuck around and be another me
The only thing I'll change about the past is my big brother G
Everything you see in these walls and glass was earned it wasn't free
Like if all the leases they last turn 2023 I'm done tryin

After collecting all them plaques and all them awards
After I master something I get bored
I know I was askin for it but lord
The things that come with fame don't really align with me
And I know you know what I mean cause you took your time with me
Them rides when I thought it was me you was right there ridin with me
Shit I survived itd be hard to believe
Admitted that they don't go as hard as me
I don't gotta start up a car with a key
I don't gotta give up the money to fuck
You know what it is this ain't what you want

If I ain't with my kids I'm facing a blunt

I'm tired nigga

But at the same time I'm up nigga

And ready for whatever

Completely alert

I hold myself accountable for me and mine

Baby you know what it is and you know what its not

You was around a nigga still when niggas wasn't hot

They know I paid them dividends to get they brother dropped

And never sold my soul I might fuck around and be another pac

Or fuck around and be another me

The only thing I'll change about the past is my big brother G

Everything you see in these walls and glass was earned it wasn't free

Like if all the leases they last turn 2023 I'm done tryin
