

# For The Summer

DaBaby

God damn, here we go again  
She fallin' in love and I'm just tryna be her friend  
Know she got a man, hope she understand  
That after August thirty-first, won't hear from me again  
'Cause I'm just tryna fuck you for the summer  
I'm just tryna fuck you for the summer  
I'm just tryna fuck you for the summer  
I'm just tryna fuck you for the summer, hey

I'm just tryna fuck you for the summer  
I'm a dog, I fuck who I wanna  
I'm smoking on some real good marijuana  
I bump into your bitch, then she's a goner  
And she fucking with me 'cause I'm the man  
And I don't care about her, I keep it player 'bout her  
I fuck her real good, I pull her hair up out her  
You blow her phone up, that's why it stay on silent  
I be like baby let me fuck you on the camera  
Snapchat, throw that ass back  
And she a good freak, she let me have that  
We smoking good weed, you need to pass that  
Now we high and we just lying on the bed  
Thought I was tired but she fire with the head  
Take her in public, show her off like I'm her man  
Wait till the fall and then go holler at her friend

'Cause I'm just tryna fuck you for the summer  
I'm just tryna fuck you for the summer  
I'm just tryna fuck you for the summer  
I'm just tryna fuck you for the summer, hey

I'm just tryna fuck you for the summer  
I'm just tryna fuck you front your mama  
I'm just tryna fuck you, fuck your brother  
He can run up on me if he wanna, hey  
And I'm just tryna fuck you front your sister  
Should call her on the FaceTime while I hit it  
And she gon' eat that dick like it's for dinner  
I fucked around and ate her, taste like Skittles, ayy  
When we go out I act like I'm her nigga  
Her friend keep flirting with me, I'ma hit her  
I make her feel amazing when I'm with her  
But you a ho about it, so what you know about it?
