

LEPRECHAUN

DaBaby

Ha, where's me gold? (I don't think they have a name)
Do you have me gold?
Why are you sitting at the end of the rainbow?
I think you have me gold

Huh, like the leprechaun, I'm just diggin' for gold (What?)
I ain't lookin' for fronts (Nope) and I ain't trickin' on hoes
If I ain't fuck with the gang, I'd be pimpin' for sure (A pimp)
If you lookin' for the boss, set the screen and pick and roll (For th
ree)

But you gotta bounce when you get it (Huh), cook up an ounce when you
get it (Huh)
Go buy a house when you get it, can't stack your bread, forget it
Why you out here playin' the middle? (What?) You should be payin' att
ention
You can't be playin' with niggas, you don't know who playin' to get y
ou (You don't know)
My whole life, my uncle played the Grinch, I was scared of Christmas
(For real)
When I turned eleven, I stole my uncle gun and stopped that bitchin'
In the eighth grade, had a nine piece when I got suspended
Anything you want, just put your mind to it, it's not that tricky

Like the leprechaun, I'm just diggin' for gold (Diggin' for gold)
I ain't lookin' for fronts and I ain't trickin' on hoes (I ain't tric
kin' on hoes)
If I ain't fuck with the gang, I'd be pimpin' for sure (A pimp)
If you lookin' for the boss, set the screen and pick and roll (For th
ree)

Uh, pickin' these roles, tell 'em to backdoor cut, then throw this sh
it by the goal
Make sure he score, nigga ain't even sold nothin', nigga just sit at
the store (Huh)
He wanna be me, but he ain't tryna get no money, he just want to hit
all my hoes
I give him the bitch, I pull up and unlock the door, then tell the bi
tch to get on
This ain't JV, you can't play on my team, a grown-
ass man, I'ma say what I mean
Real good at shootin' like Curry, good at settin' picks, too, nigga,
I'm Draymond Green
Vince Carter, nigga, my arm in the rim, give her the ring, it's my gu
n up in here
Even if you ain't athletic at all, you get hit with this fire, you go
n' jump out the gym
I could be cool with assists, I been to the finals before, long as br
o got a win
Y'all niggas move like a bitch, don't know how to hustle, so I never
front him again
Still in this bitch goin' Baby, this shit off the top like a nigga do

n't fuck with the pen

And the last nigga thought he was crazy, pulled out an F and shoot, I
shot the fuck outta him, I'm gone

Like the leprechaun (Yeah), I'm just diggin' for gold (For gold)
I ain't lookin' for fronts and I ain't trickin' on hoes (I ain't tric
kin' on hoes)

If I ain't fuck with the gang, I'd be pimpin' for sure (A pimp)
If you lookin' for the boss, set the screen and pick and roll (For th
ree)
