DaBaby

Yeah, yeah, yeah, yeah

Hey

Baby, DaBaby, DaBaby, DaBaby, Dababy, DaBaby

Go head and send your location, I'll use the GPS

I say I'm 30 minutes away, I hope you can keep it wet

I'm runnin' red lights tryna get to you, baby

I know you miss me every time somebody mention me, baby

Can't take a picture 'cause you know a nigga Instagram famous

But if you sneak a couple in, make sure you get the right angle

That's all I ask for

Know I'm chocolate don't forget to put on the flash, though

Don't let me catch you, that's why I cut off the last ho

She used to get on my nerve but that bitch was bad, though

She ain't that pretty but nigga look at that ass, though

Ain't puttin' in one of these before my cash flow

I need some manners, the bitches say I'm a asshole

When I'm never worried 'bout her, ayy

I just find this bitch and then I take her

I just give her dick and let you save her

We fuckin' and then we'll see each other later

Nobody know about us but my neighbors

Girl, we gon' fuck around and get in trouble

You know you got a boyfriend, we ain't supposed to cuddle

Somebody bound to tell it on us if we seen in public

I'ma call you sister, your nigga can be my brother

We gon' keep this shit simple, you never gon' meet my mother

Chill out with all the kissing, don't kiss a bitch 'less I love
her

Girl, you ain't got nothin' to explain to me

'Cause you can't be my girl, you'll fuck around and do the same
to me

And that's why I'm a dog, I'm a dog, I'm a dog

That's why I'm a dog, I'm a dog, I'm a dog

That's why I'm a dog, I'm a dog, I'm a dog

That's why I'm a dog, I'm a dog, I'm a dog, ayy

Hahaha

DaBaby

Send me you location
