

# RAIN RAIN

DaBaby

Rain, rain, go away  
Come again, another day  
Lazy niggas make me wanna pack my bags and runaway  
4th in goal line in this bitch when you fuck with me  
You better get it right, you fumble that, won't get another play  
I'm just out here walkin' 'round with these stripes like I'm a referee  
I'ma blow that whistle front the crowd every time they fuckin' play  
I don't be likin' none of these niggas 'round, I get to feelin' out they vib  
e  
You know in mind, they 'bout went down a hill the other day  
I just need my bitch with me  
Chocolate-nigga, trick or treat?  
Options  
Nigga, switch the beat  
Pop a nigga, Pistol Pete  
That back and forth gon' get to them  
That talkin' don't do shit for me  
I'm hot like when the fish in grease  
Let's pop it when this shit release  
In pocket like a mobile phone  
I'm out here like a mobile home  
With a maid, I'm Macaulay Culkin  
Shoot the robbers, if I wrote Home Alone  
Can't believe how this shit come out that I'm even a artist that never wrote  
a song  
But, I'm the hardest nigga  
If you know, you know  
Baby, nigga

Yeah  
They can't fuck with me  
I wouldn't even try  
They can't fuck with me  
I wouldn't even try  
They can't fuck with me  
I wouldn't even try

Some things they say is better left alone  
She tried to pull me out her heart and got a letter left at home  
I couldn't kick it with her kind, but still I could've led her home, but, na  
h, instead, I let her go  
These niggas think they better broke  
My mama caught me cussin' young, she washed my mouth out with some soap  
I know them crackers think I'm goin', they better pop out with some rope  
Took my losses and I'm stronger than I was out this bitch before  
I'm in Miami eatin' spinach like I'm Popeye on the boat  
Havin' talks with all the spirits like my pops, I feel alone  
Tryna block out all my feelings, I get high, then hit a ho  
That don't stop how I be feelin'  
I feel highs and feel the lows  
And when your mama can't pay bills, you wan' get fly, then steal some clothe  
s  
Wanna pay your mama rent? Keep breakin' down and get a bow  
Know what it take to find a lick like lay it down and hit the floor  
I had to face all kind of shit to make this sound  
I didn't even know that one day I'd end up like this  
I'm thankin' God, the fuckin' GOAT

It's Baby

Yeah

Like I said, I had to face all kind of shit, you know what I'm sayin'?

To, to, to you know?
