Another Day

Dabin

Oh, I've been drivin' every road (Ahh-ooh, ooh)
And what I'm after, I still don't know (Ahh-ooh, ooh)

Let's fade together
Stay for just a little longer
Young forever
Long as you're by my side
We'll make it out alive (Yeah, yeah)

You and me, we got tied
Might be low, but I'm high
I'm a mess, but it's fine
I'm findin' my way-ay
You and me, we alright (Right)
Still got love on our side (Side)
We get lost but it's fine
Always another day

Come up like the sunrise
Flowers in a desolate world
Flowers in a desolate world

What more can I say? Always on the upside (Ahh-ooh, ooh)
Older every day, younger in my own damn mind (Ahh-ooh, ooh)

Let's fade together
Stay for just a little longer
Young forever
Long as you're by my side (Alright)
We'll make it out alive (Yeah, yeah)

You and me, we got tied
Might be low, but I'm high
I'm a mess, but it's fine
I'm findin' my way-ay
You and me, we alright (Right)
Still got love on our side (Side)
We get lost but it's fine
Always another day

Come up like the sunrise (Oh yeah, oh yeah)
Flowers in a desolate world (Oh yeah, oh yeah)
Flowers in a desolate world
Always another day (Oh-ooh-ooh)
We come up like the sunrise
So cut those flowers in a desolate world
Flowers in a desolate world

Oh, oh, we come up like the sunrise
So cut those flowers in a desolate world
Flowers in a desolate world
