

Bloodless

Dabin

One, two, three, four
The sun goes down

Breathe me in, breathe me out
Bleed until the sun goes down

Breathe me in, breathe me out
Bleed until the sun goes down

Take my love and hit the ground
Lock me up and watch me jump

Take my love and hit the ground
The sun goes down
The sun goes down
The sun goes down

My love

One, two, three, four
One, two, three, four

Take my love and hit the ground
And watch me jump

Take my love and hit the ground
Lock me up and watch me jump

Take my love and hit the ground
The sun goes down
The sun goes down
The sun goes down
