

## Feel Like

Dabin

My car broke down  
For the third time this week  
Your boss is mad  
'Cause you had to go get me  
And I know that things are far from perfect  
But I was never worried  
Long as I got you within my reach

We could have money  
We could be dead broke  
Be finding highs or  
Trip on brand new lows  
It don't matter  
When I got your love

When I'm with you  
When I'm with you  
I feel like home  
When I'm with you  
When I'm with you  
I feel like home

I feel like home  
I feel like home  
I feel like home

When we first met  
Swore I'd take it slow  
But I got swept up in the undertow  
And you said that nothing is the sure thing  
And there'll be days of hurting  
But come on honey  
I can take the heat

We could have money  
We could be dead broke  
Be finding highs or  
Trip on brand new lows  
It don't matter  
When I got your love

When I'm with you  
When I'm with you  
I feel like home  
When I'm with you  
When I'm with you  
I feel like home

I feel like home  
I feel like home  
I feel like home

We could have money  
We could be dead broke  
Be finding highs or  
Trip on brand new lows  
It don't matter

When I got your love

When I'm with you  
When I'm with you  
I feel like home  
(I feel like home)  
When I'm with you  
When I'm with you  
I feel like home
