

# Forever

Dabin

Ridin' the world in a hatchback  
In the heat of California  
And I can stay here forever  
But I don't want to think about us

I know we can never be together  
Thinkin' this is better this way  
Well, I don't wanna feel this way forever  
So could you tell me your favorite way?

Is this forever?  
I don't wanna forget  
Let me surrender  
I don't think I'm really at  
Is this forever?  
I'm always stuck inside my head  
Let me surrender  
But I don't wanna forget this forever

But I don't wanna forget this forever

There's a reason I don't call you feelin' sorry  
With my head riskin' all above my hands  
There's a reason I pretend I don't remember  
We were young  
And we didn't have anything

Is this forever?  
I don't wanna forget  
Let me surrender  
I don't think I'm really at  
Is this forever?  
I'm always stuck inside my head  
Let me surrender  
But I don't wanna forget this forever

I don't wanna forget this forever  
Is this forever?  
Is this forever?  
Let me surrender  
Is this forever?  
Let me surrender  
Is this forever?  
Let me surrender
