

In The End

Dabin

You never wrapped your arms around me in the night
But I can feel them
I've never looked across the room and caught your eyes
But I could see them

Somewhere up there in the pouring rain
Wondering if I feel the same
No, I don't even know your name yet

But every time I fall, fall, and fall again
I'm just getting one step closer
To you, and, in the end
I know that we'll find each other there

And even though it seems so far
I'm getting close each time I
Fall, fall, and fall again (Fall again)
And I'll meet you in the end

In the end
I'll meet you in the end
In the end
I'll meet you

You've never whispered little nothings in the dark
But I can hear them
I've never held you so damn close, I feel your heart
But I know it's beating

Somewhere out there in the pouring rain
Wondering if I feel the same
No, I don't even know your name yet

But every time I fall, fall, and fall again
I'm just getting one step closer
To you, and, in the end
I know that we'll find each other there

And even though it seems so far
I'm getting close each time I
Fall, fall, and fall again
And I'll meet you in the end, in the end, in the end
I'll meet you in the end, in the end, in the end
I'll meet you in the end

In the end
I'll meet you in the end
I'll meet you in the end
I'll meet you in the end
