

Lights

Dabin

I'm not sure why
Running away, running away now
Feels right with you
'Cause God knows we tried
Numbing the pain, hiding away now
So I'll play pretend with you

'Cause some nights, I can't explain
The way I feel, the way I'm wired
You make things seem so clear
So we can leave the lights out
And you're sick of questioning
The weight that comes with every hour
But in the night with you, it's clear
So we can leave the lights out

So we can leave the lights out
So we can leave the lights out

Streetlights, dim glow
Keeping the time, keeping the time now
And this feels like home
'Cause we're both tired of feeling nothing
Done wandering 'round with our feet on the ground, yeah
If I just keep close to you

'Cause some nights, I can't explain
The way I feel, the way I'm wired
You make things seem so clear
So we can leave the lights out
And you're sick of questioning
The weight that comes with every hour
But in the night with you, it's clear

So we can leave the lights out
Yeah, we can leave the lights out

'Cause some nights, I can't explain
The way I feel, the way I'm wired
You make things seem so clear
So we can leave the lights out
And you're sick of questioning
The weight that comes with every hour
But in the night with you, it's clear
So we can leave the lights out

Ooh, ooh
