

# When This Is Over

Dabin

I used to hold back  
I recall those early nights when we'd just sleep in our jeans  
'Cause I used to know that  
Someone like you might not take me all that seriously

Because you always keep me on the outside  
Staring with my eyes wide  
Trying to be a good guy  
And now you know we're only getting closer  
Losing all the focus, loving you is hopeless

When this is over  
Will we be haunted by how it ends?  
When this is over  
Will we remember how it was back then?

When this is over

I take it all back  
All of my jealous little glances while you danced in the dark  
I wasn't like that  
Before you kicked in all the doors and ran away with my heart

Because you always keep me on the outside  
Staring with my eyes wide  
Tryin to be a good guy  
And now you we're only getting closer  
Losing all the focus, loving you is hopeless

When this is over  
Will we be haunted by how it ends?  
When this is over  
Will we remember how it was back then?

When this is over  
Will we remember how it was back then?  
When this is over  
When this is over
