

Happiness

Dada Life

My body is hurting
It feels so good
I did something bad once
I knew I would

I lose myself in the melody (Happiness)
I lose myself to the drums (Ha-ha-happiness)
I lose myself in the blinding light (Happiness)
Cause this is where I'm from (Ha-ha-happiness)

Happy face, music make a sad face
Switch, this is bad ass shit, we call it happiness
Happy face, music make a sad face
Switch, this is bad ass shit, we call it happiness

Happy face, music make a sad face
Switch, this is bad ass shit, we call it happiness
Happy face, music make a sad face
Switch, this is bad ass shit, we call it happiness
Ha-happiness

Come on, make me bleed now
Take my soul
We don't have tomorrow
So let me go

I lose myself in the melody (Happiness)
I lose myself to the drums (Ha-ha-happiness)
I lose myself in the blinding light (Happiness)
Cause this is where I'm from (Ha-ha-happiness)

Happy face, music make a sad face
Switch, this is bad ass shit, we call it happiness
Happy face, music make a sad face
Switch, this is bad ass shit, we call it happiness

Happy face, music make a sad face
Switch, this is bad ass shit, we call it happiness
Happy face, music make a sad face
Switch, this is bad ass shit, we call it happiness
Ha-happiness

I lose myself in the melody
I lose myself to the drums
I lose myself in the blinding light
Cause this is where I'm from

We call it happiness
We call it happiness
We call it happiness
We call it happiness
We call it happiness
We call it happiness
We call it happiness
We call it happiness

Happy face, music make a sad face

Switch, this is bad ass shit, we call it happiness
Happy face, music make a sad face
Switch, this is bad ass shit, we call it happiness

Happy face, music make a sad face
Switch, this is bad ass shit, we call it happiness
Happy face, music make a sad face
Switch, this is bad ass shit, we call it happiness
Ha-happiness
