

Higher Than The Sun

Dada Life

This world is seeping, no reason here to stay
Full of nothing but hours in the day
The sky is calling like it's feeding off my soul
We don't know much now but we know it's time to go

Ooh, ooh, ooh, ooh
I know, I know, I know
It's hard for you
Uh, uh

Let's break 'em through
You know, you know, you know
That we got you
Uh, uh

We ride, watching the world fade away
And we're headed for the sun, higher than the sun
We ride, feeling the ground start to sway
Now we're leaving everyone, leaving everyone behind

Got done sleeping, we're finally awake
We keep moving, every hour, every day
All of your demons, all the stuff that's on your mind
Can't come with you when you leave your brain behind

Ooh, ooh, ooh, ooh
I know, I know, I know
It's hard for you
Uh, uh

Let's break 'em through
You know, you know, you know
That we got you
Uh, uh

We ride, watching the world fade away
And we're headed for the sun, higher than the sun
We ride, feeling the ground start to sway
Now we're leaving everyone, leaving everyone behind
Leaving everyone behind

We ride, watching the world fade away
And we're headed for the sun, higher than the sun
We ride, feeling the ground start to sway
Now we're leaving everyone, leaving everyone behind

Leaving everyone behind
Leaving everyone behind
Leaving everyone behind
