

Love Is Coming Down

Dada Life

Can you feel it, love is coming down
Now can you feel it, love is coming down

Can you feel it, love is coming down
Now can you feel it, love is coming down

Down, down, down, down, down...

Love is coming down

Can you feel it, love is coming down
Now can you feel it, love is coming down

Can you feel it, love is coming down
Now can you feel it, love is coming down

Can you feel it, love is coming down
Now can you feel it, love is coming down

Can you feel it, love is coming down
Now can you feel it, love is coming down

Can you feel it, love is coming down
Now love is coming down
Now love is coming down
Now love is coming down
Now love is coming down
Now love is coming down
Now love is coming down
Down, down, down, down, down...

Can you feel it, love is coming down

Love is coming down

Love is coming down
