

# We Want Your Soul

Dada Life

Everything is wonderful  
If you're looking from the right side  
Life is gonna turn around  
You can smile but you can't hide  
Put your mouth where your money is  
Keep on sharing what you don't know  
Going down our rabbit hole  
Just because we say so

We want your soul  
We are gonna take control  
Shakin' you up right now  
You are gonna scream out loud  
[x2]

We want your s...

Everything is beautiful  
When you're speaking with your shades on  
Going down our rabbit hole  
Just because we say so

We want your soul  
We are gonna take control  
Shakin' you up right now  
You are gonna scream out loud  
[x2]

We want your soul  
We want your s...
