

## Time Is Your Friend

Dada

Time is your friend  
Time is your pal  
Don't you try to fight her  
Time is a mustang  
That you cannot tame  
So don't you try to ride her  
Time is a ship  
Caught in the wind  
Never always sinking  
Time makes your bed  
Then sleeps with your head  
Sometimes I can't stop thinking  
That I'm wasting so much of my life  
Waiting for tomorrow  
Ride the rocket  
Kiss the locket  
The sand is running down  
Burn the candle  
Turn the handle  
I am here I'm now  
Time is your blood  
Pulsating flood  
And everybody bleeds it  
Time is a wish  
You can throw coins at a fish  
But your still gonna have to feed it  
Time was my girl  
Timeless white pearl  
She left me on the shoreline  
I'll think of her  
She's forever  
After and before time  
I'm wasting so much of my life  
Waiting for tomorrow
