

# Self Made

Daddy Yankee

Yeah, yeah, yeah  
Self made millionaire, next stop billionaire  
Self made millionaire, next stop billionaire  
Self made millionaire, next stop billionaire  
Self made millionaire, next stop billionaire

Leaning over bottles with that Henny  
Fucking with some models and the diamonds I got plenty, plenty  
Twenties on that sticky, feel em when I ride em  
Eyes lookin chinky, I'm popping on that waters  
Stayin on them hoes, you think I hit the lotto  
What she chargin for a show I'm chargin for my rider, oh yeah  
Shawty see me shining, says she fucking with the kid  
That's the mortgage on my pinky, and a mansion on my whip  
I say hop up in that whip, put them up well bitches follow  
Let me take you where live, you would think I was hotter  
And I'm the self made millionaire, next stop billionaire  
Ask 'em on the corner, I done made about a million there

Self made millionaire, next stop billionaire  
El mundo, me conoce ya  
I got fans everywhere  
Catch me flying in my lair  
Chains feel like a chandelier  
Landin to the road of riches,  
You can stop and watch me stare!  
French Montana, en la big manzana  
You can't fuck with his level,  
Nos vemos, hasta mañana!  
Do my thing proper, got to sell that trotter  
Told her my name is Daddy, she call me the big papa  
But Toro gave me the hard, yeah  
New York gave me the swag, yeah  
Sorry it ain't no good,  
Son millones there watching my back  
Self made but I've been paid  
Tu no juegas like we play  
My pockets are rock star, le gusta lo grande

Oh oh everywhere I go  
People know my story,  
In the hood they show me love  
Oh oh everywhere I go  
Diego con lo mio, con un piqué de cabrón

Self made millionaire, next stop billionaire  
Self made millionaire, next stop billionaire  
Self made millionaire, next stop billionaire  
Self made millionaire, next stop billionaire

Ain't nobody got it like Daddy, ain't nobody livin like Daddy  
I've been the king for like twenty years, tell me who did it like Daddy?  
Hooped it to hovercraft, tell me who flipping like that, that  
Hand the keys to my waitress, told me who take it like that, uh!  
Take it, break it, tell your daddy what you want  
I'mma wait up, B.O.B and adios  
Ayer en Venezuela, hoy salgo pa' Bruselas

Y en el avion tengo una azafata que modela

One hand up to the ceiling  
If you're self-made and you came up with the realest  
Now two hands up to the ceiling  
If you got it made and you feelin like I'm feelin

Self made millionaire, next stop billionaire  
Self made millionaire, next stop billionaire  
Self made millionaire, next stop billionaire  
Self made millionaire, next stop billionaire

Oh oh everywhere I go  
People know my story,  
In the hood they show me love  
Oh oh everywhere I go  
Diego con lo mio, con un piqué de cabrón
