

Black Lives Matter

Dae Dae

Yeah, yeah, yeah-yeah-yeah
No justice, no peace huh?
Just put your hands up and say don't shoot bro
(We got London on the track) boom

Black lives matter, black lives matter, black lives matter
Black lives matter, black lives matter, black lives matter
Black lives matter, black lives matter, black lives matter
Black lives matter, black lives matter, black lives matter
Is it the color of my skin (really?)
Maybe it's how I sag my pants (Balmain)
Is it to safe with me (is it safe?)
To walk in thse streets with my kids with me? (yeah-yeah)
I mean face's the reason, why? Cause I got five reasons
I used to stay at Four Seasons

You killing my skin (black)
You killing my colors (blue)
You killing my niggas (my kind)
Brazy motherfucker bitch
Like what is your reason? (really?)
I rap for a reason (I do)
I trap for a reason (my kids)
This shit here easy, no-no
My president black (Barrack)
My bank account loaded (racks)
My credit is whack, I feel like they holding on me
Trayvon we miss you
I hope you listening
This shit ridiculous
I had to mention it
But shame on you
I didn't wanna blame you
But they tried to frame me
And I get to aiming
The reason why I'm saying this cause

Black lives matter, black lives matter, black lives matter
Black lives matter, black lives matter, black lives matter
Black lives matter, black lives matter, black lives matter
Black lives matter, black lives matter, black lives matter
Is it the color of my skin (really?)
Maybe it's how I sag my pants (Balmain)
Is it to safe with me (is it safe?)
To walk in thse streets with my kids with me? (yeah-yeah)
I mean face's the reason, why? Cause I got five reasons
I used to stay at Four Seasons

You blood or you crip (what)
You thugging or what? (huh?)
You busting or what?
It's us against them
Got no fear in my heart (no)
I don't like how they shot that man that they chased on the ground
And I don't like how killed that innocent lady on world star
On world star, on world star, on world star

No-no-no-no, Eric Gardner
No-no-no-no, Michael Brown
No-no-no-no, Freddie Gray
No-no-no-no, Alton Sterling
Sandra Bland, we miss you and I'm tryna tell you

Black lives matter, black lives matter, black lives matter
Black lives matter, black lives matter, black lives matter
Black lives matter, black lives matter, black lives matter
Black lives matter, black lives matter, black lives matter
Is it the color of my skin (really?)
Maybe it's how I sag my pants (God damn)
Is it to safe with me (is it safe?)
To walk in thse streets with my kids with me? (yeah-yeah)
I mean face's the reason, why? Cause I got five reasons
I used to stay at Four Seasons

Four Seasons, Four Seasons, Four Seasons
