Dae Dae

I'm fucking on this ho who I'm 'posed to be fucking  
I'm fucking up this money I'm 'posed to be blowing  
Counting all this money, got bruises on my thumbs  
Cruising in that 6, I don't know where I'm going  
Hitting all these bumps but I'm riding on Forgi's  
Know these art, these not Ralph Laurens  
See you tomorrow cause you acting bored  
Don't you change when I finish touring

You feeling like I changed up  
No, I'm feeling like you changed, yup  
So your partner ain't backing down  
Cause when we come bitch, we come lit  
London on that same shit  
We don't wanna play bitch  
One of y'all but one of you out your lane shit  
Cause we the ones that blame ya  
But we the ones that hang low  
Y'all the ones that lay low  
I gave y'all a chance though  
This what they paying for

Fucked around and dipped it in the sink  
Make that shit look drip like it's leaking  
Fucking on this ho named Meisha

Come to find out she the realest  
Anything I ask for, she'll give it to me  
She pulling up and she blunting me out  
Her lil sister just find out
