

## Lost In The Distance

Daggers

Don't believe whatever I'm told, I'm not naive I just don't want to know,

I'm counting on my heart, it's beating out of me,  
'Cos I cannot begin to figure out where I'm meant to be,  
And I just wanna dance, like we used to dance,  
To reckless hearts not in our hands,  
I try to figure it out, but the truth is I don't want to, now,

'Cos it's a different destination, same situation,  
Lost in the distance between us,  
I don't wanna lose you, which is why I choose to,  
Take one step forward & two steps back to you

Heal anyone to hear a hello, but I can't touch you on the telephone,

I might be far away, but don't shout at me,  
I think I only just figured what you mean to me,  
And I just wanna fall, I just wanna fall, but I'm afraid you'll take it all,  
I try to figure it out, but the truth is I don't know how,

'Cos it's a different destination, same situation,  
Lost in the distance between us  
I don't wanna lose you, which is why I choose to,  
Take one step forward & two steps back to you

Different destination

Same situation

Lost in the distance between us

I don't wanna lose you, which is why I choose to, keep walking

'Cos it's a different destination, same situation

Lost in the distance between us,

I don't wanna lose you, which is why I choose to,

Take one step forward & two steps back to you.
