

Coulda Woulda Shoulda

Dagny

There's always something to fix, isn't there?
There's always something you did If I think about it
There's always someone you miss, isn't there?
There's always something you could've, woulda, shoulda
But you never really got around to it

Ah-ah, ah-ah
Gotta get outta my head
Feel what I feel instead
Ooh-oo, ooh-oo
Looking at you now
I'm thinking

I'm just gonna let myself be loved, yeah
I'm just gonna give in to your touch, I know
I shouldn't think so fucking much, yeah, no more
Coulda, woulda, shoulda
I'm just gonna sit back and relax, yeah
I'm just gonna let the past be past, I know
I tend to focus on the bad but no more
Coulda, woulda, shoulda

You're always gonna drive me mad, aren't you?
I'm always gonna push your buttons 'cause I know just how
We want the things that we don't have, don't we? (Don't we?)
Somehow it seems the grass is always greener
But the taste is so much sweeter with your here

Ah-ah, ah-ah
Gotta get outta my head
Feel what I feel instead
Ooh-oo, ooh-oo
Looking at you now
I'm thinking

I'm just gonna let myself be loved, yeah
I'm just gonna give in to your touch, I know
I shouldn't think so fucking much, yeah, no more
Coulda, woulda, shoulda
I'm just gonna sit back and relax, yeah
I'm just gonna let the past be past, I know
I tend to focus on the bad but no more
Coulda, woulda, shoulda

(Ah)
(Oh-oh, oh-oh)
No more
Coulda, woulda, shoulda
(Ah)
(Ooh-oo, ooh-oo)
No more
Coulda, woulda, shoulda

There's always something to fix, isn't there?
There's always something you did if I think about it
There's always someone you miss, isn't there?
There's always something you coulda, woulda, shoulda

I'm just gonna let myself be loved, yeah
I'm just gonna give in to your touch, I know
I shouldn't think so fucking much, yeah, no more
Coulda, woulda, shoulda
I'm just gonna sit back and relax, yeah
I'm just gonna let the past be past, I know
I tend to focus on the bad but no more
Coulda, woulda, shoulda

(Ah)
(Ah-ah, ah-ah) Ah-ah
No more
Coulda, woulda, shoulda
Oh
(Ooh-ooh, ooh-ooh)
(No more)
Coulda, woulda, shoulda
