Tension

Dagny

Let the feeling sink in
We don't need a reason
What's the point of rushing before it begins
I know how you like your coffee
And how to make you want me
You should know my favourite part of the movie is when

You still don't know the end
But you feel like diving in
Oh I don't know how to stop
I feel it in me and I never want to not

Who's gonna break the tension baby
I kinda like the tension
Maybe we could lie here and just not say it
Forever and ever and ever and ever

Hands are moving closer
Arms around my shoulder
Don't want to cross the line where the mystery fades
Falling for a stranger
Strangers in to lovers
Then before you know it we're comfortable, what then?
I don't wanna know the end
But I feel like diving in
Oh I don't know how to stop
I feel it in me and I never wanna not

Who's gonna break the tension baby
I kinda like the tension
Maybe we could lie here and just not say it
Forever and ever and ever and ever

Who's gonna break the tension baby
I kinda like the tension
Maybe we could lie here and just not say it
Forever and ever and ever and ever
Forever and ever and ever, ever and ever and ever

(Forever and ever and ever and ever
Forever and ever and ever, ever and ever and ever
Forever and ever and ever, ever and ever and ever)

Who's gonna break the tension baby
I kinda like the tension
Maybe we can lie here and just not say it
Forever

Tension maybe I
Just not say it
Forever
(I never felt like this with somebody)
(You should come over)
Just not say it
Forever, ever, ever
Forever, ever, ever

Who's gonna break the tension baby
I kinda like the tension
Maybe we could lie here and just not say it
Forever and ever and ever and ever

Who's gonna break the tension baby
I kinda like the tension
Maybe we could lie here and just not say it
Forever and ever and ever and ever
