

# That Feeling When

Dagny

A new love is something painful  
Two hearts, unstable  
I went numb and ran away  
So I wouldn't be able  
To get let down, I was high  
To touch the ground from the sky  
A new love is something fatal  
And I wouldn't be able

I wasn't expecting you  
Like a punch that knocks the wind out  
I think you're changing everything  
'Cause I'm about to let you in now

Ey  
I feel it, I feel it  
That feeling, that feeling when  
Ooh, ooh, when  
Ooh, ooh  
I feel it now, I need it  
That feeling, that feeling when  
Ooh, ooh, when  
Ooh, ooh

I felt myself unravel  
Too scared and too shattered  
Built walls as high as castles, too high for anyone but

I wasn't expecting you  
Like a punch that knocks the wind out  
I think you're changing everything  
'Cause I'm about to let you in now

I feel it, I feel it  
That feeling, that feeling when  
Ooh, ooh, when  
Ooh, ooh  
I feel it now, I need it  
That feeling, that feeling when  
Ooh, ooh, when  
Ooh, ooh

I feel like I'm falling  
Every time we touch  
I can feel it coming  
I've never felt this much  
Think you're changing everything  
'Cause I'm about to let you in

I feel it, I feel it  
That feeling, that feeling when  
Ooh, ooh, when  
Ooh, ooh  
I feel it now, I need it  
That feeling, that feeling when  
Ooh, ooh, when  
Ooh, ooh

Ooh, when  
Ooh, ooh
