

## Bellflower Drive

Dagoba

We were young, living in danger  
Putting our lives on the line  
Playing with guns and fire  
Living life for a good time

Chasing dreams, burning desires  
There's nothing like playing with fire  
Living the best life on the run

All ends on Bellflower Drive  
All ends on Bellflower Drive

Out of lust came all the lies  
Born out of rage, forged into the night  
Out of lust came all the lies  
Born from the rage we're living  
We're living, we're living the nightlife
