

## The Dawn

Dagoba

Frozen heart  
Always waiting for the thaw  
A blind man in the night  
Praying for the dawn

A mourning life  
The sunshine is gone  
Walking in the dark  
To reach the dawn...

The light went out  
With the nightfall  
Nobody died  
But life is gone

The palest light  
The morning to come  
Surviving the night  
Waiting for the dawn

The light went out  
With the nightfall  
Nobody died  
But life is gone

Frozen heart  
Always waiting for the thaw  
A blind man in the night  
Praying for the dawn

The light went out  
With the nightfall  
Nobody died  
But life is gone

The light went out... (x3)  
But life is gone
