

The Hunt

Dagoba

Daylight is gone, the sun is dying, the city's mine
Dancing demons in my hazy eyes
Fast line, lights on, see me coming from the other side
Ready or not, feel me coming, I'm an animal tonight

The hunt is on and you run away
Somebody else's prey
The hunt is on and you run away
Somebody else's prey

Daylight is gone, the sun has become a black line
Dealing with evil, crazy sight
Fast line, light's on, feel me coming from the other side
Ready or not, you got me now, the animal in the night

The hunt is on and you run away
Somebody else's prey
The hunt is on and you run away
The hunt is on... but you run away

The hunt is on, the hunt is on but you run away
The hunt is on, the hunt is on but you run away
... don't run away

I'm an animal
I'm an animal
An animal
Your animal...
