

Outside

Daði Freyr

Maybe I've been dumb
Been looking at it wrong
These things, they will come
But why do they take so long?
Now I don't know what to say, you wouldn't hear anyway
I'm trying hard to be patient day after day

I'm standing outside in the cold, and I'm waiting for you
Said I don't mind, but it's cold, and I'm waiting for you
I've been waiting a while, what is it that you do
When I'm standing outside in the cold, and I'm waiting for you?

I don't think I know even what I'm staying for
I'm still standing low, just staring at the door
Now I don't know what to say, you wouldn't hear anyway
I'm running out of patience, so why should I stay?

I'm not standing outside anymore, I'm not waiting for you
(I'm not waiting, I'm not waiting for you)
Said I don't mind, but I lied, I'm not waiting for you
(I'm not waiting, I'm not waiting for you)
Been waiting too long, I don't care what you do
(I'm not waiting for you)
I'm not standing outside anymore, I'm not waiting for you
(I'm not waiting, I'm not waiting for you)
