

Natural Man

Daisy Chainsaw

Be like I have said
I said it clearly
They mess it up instead
I mean it really

I am a god no one understands
I am the one
I am the one
The natural man I am yeah

Fools and idiots
Just when I want
Friends when I see it
Just when I want

I am a god no one understands
I am the one
I am the one
The natural man I am yeah

I'm perfect that's for sure
I am in class all by myself
I stand

I am a god no one understands
I am the one
I am the one
The natural man I am yeah
