

# Look At Us Now (Honeycomb)

Daisy Jones & The Six

I don't know who I am  
Baby, baby, baby  
Do you know who you are?  
Is it out of our hands?  
Tell me, tell me, tell me  
How we made it this far

Did we unravel a long time ago?  
Is there too much we don't wanna know?  
I wish it was easy, but it isn't so

Oh, we could make a good thing bad  
Oh, we could make a good thing bad

Now, where do we stand?  
Baby, baby, baby  
No one knows who you are  
And if this was your plan  
Tell me, tell me why  
You've been cryin' in the dark

We unraveled a long time ago  
We lost and we couldn't let it go  
I wish it was easy, but it isn't so  
So, baby

Oh, we could make a good thing bad  
Oh, we could make a good thing bad  
Oh, we could make a good thing bad  
Oh, we could make a good thing bad

How did we get here? How do we get out?  
We used to be somethin' to see  
Oh, baby, look at us now  
Oh, baby, look at us now  
This thing we've been doin' ain't workin' out  
Why can't you just admit it to me?  
Oh, baby, look at us now  
How did we get here? How do we get out?  
This thing we've been doin' ain't workin' out  
Oh, how did we get here? How do we get out?  
We used to be something to see  
Oh, baby, look at us now  
Baby, look at us now  
This thing we've been doin' ain't workin' out  
Why can't you just admit it to me?  
Oh, baby, look at us now  
Baby, look at us now  
How did we get here? How do we get out?  
We used to be something to see  
Oh, baby, look at us now  
Baby, look at us now  
This thing we've been doin' ain't workin' out

Why can't you just admit it to me?

Oh, baby, look at us now

Baby, look at us now

Oh, we could make a good thing bad

Oh, we could make a good thing bad
