

# I Don't Wanna Fall

Daisy The Great

I don't want to fall  
Out of love with you

God it's getting pretty close to the end  
And I don't wanna call you again  
But this time it's important  
But I have to say it doesn't really matter  
Don't want you getting any matter  
If you lean too close I'll kiss your ear  
And tell you I still love you  
I still love you

Ooh, ooh  
Ooh, (ooh), ooh-ahh

I don't wanna fall  
Out of love with you  
I don't wanna fall  
Out of love with you

God it's getting pretty hard to pretend  
That I could be my own best friend  
I'm walking 'round just waiting for the phone to ring  
Did you forget my number?  
We're pretty young, we're not getting any younger  
If you take your time I hope you realize  
That you still love me  
Still love me

Ooh, ooh  
Ooh, ooh, ooh-ahh

I don't wanna fall  
Out of love with you  
I don't wanna fall  
Out of love with you  
I don't wanna fall  
Out of love with you  
I won't try to fall  
Out of love with you  
Unless you ask me to  
Unless you ask me

Ooh, ahh (Ahh)

I don't wanna fall  
Out of love with you  
I don't wanna fall  
Out of love with you  
I don't wanna fall  
Out of love with you  
I don't wanna fall  
Out of love with you
