

Patience

Dala

I dressed up today
Went skiing, ate ice cream
My friends came to play
I remembered a weird dream

I've never done this before
So be patient with me when I cry
Please be patient with me when I cry

I slept in today
Wore three dresses, ate French fries
Patched my old pillow case
Went to school, saw the sun rise

I've never done this before
So be patient with me when I cry
Please be patient with me when I cry

I walked home today
Found a button, leant a dime
Dreamt of going away,
Fell asleep in the sunshine

I've never done this before
Can't stand missing anymore
So be patient with me when I cry
Please be patient with me when I cry
