

# I Ain't Been Right, Since I've Been Left

Dale Watson

Well I wake up in the morning my eyes wide open,  
But I just lay in bed

Ain't Been Right Since I Been Left

Well I finally get rolling,  
I go strollin into work but I'm always late.

Ain't Been Right Since I Been Left

Thought I'd be okay, take it day by day  
but I guess that thinking was wrong.  
Can't eat just drink can't sleep and not think  
it's gonna be the way my whole life wrong

Tears welling up and I come falling down  
I'm wrong and I'm soakin wet.

I Ain't Been Right Since I Been Left

Since she headed north I've been headed south  
that's the wrong way I guess

I Ain't Been Right Since I Been Left

The Sun rises in the east and it sets in the west  
And now I wouldn't take that bet

Cuz I Ain't Been Right Since I Been Left

Thought I'd be okay, take it day by day  
but I guess that thinking was wrong.  
Can't eat just drink can't sleep and not think  
it's gonna be the way my whole life wrong

Tears welling up and I come falling down  
I'm wrong and I'm soakin wet.
