

South of Round Rock Texas

Dale Watson

There's something going down
In the little town
South of Round Rock, Texas
They'd greet you with a smile
Like it's goin' out of style
South of Round Rock, Texas

They'd do the two step
And every song is played
You can keep your new steps
They like it their own way

Country music is alive
And kickin' every night
South of Round Rock, Texas (alright)

Now, nothing can compare to the ladies you found there
South of Round Rock, Texas
They're sweet as you pleased
God, homes for hospitality
South of Round Rock, Texas

If you ever go there
You're gonna wanna stay
If you ever leavin'
You'll be back again one day

There's something about these parks
Man, they live inside your heart
South of Round Rock, Texas

They'd do the two step
And every song is played
You can keep your new steps
They like it their own way

Country music is alive
It's kickin' every night
South of Round Rock
South of Round Rock
Just South of Round Rock, Texas
