And even though mi fuck bout 50 gal
None a dem compare to you

Thinking back, thinking back on the things we used to do
And every time I hear our favorite song I think of you

Now I feel like calling you back, calling you back, calling you back
And I feel like calling you back, calling you back, calling you back
Baby, cause I'm missing you
Cause I'm missing you, baby
Cause I'm missing you
