Dallas Green

So, now you're not there But your ghost still burns in the air Finally above us the waves have come To take you away

And with this song, I'll say goodbye And thank you for what you've done to my life Finally I'll say it with love I hope you're at rest in the stars above

And I don't understand what you died for We still could have given so much more And I know you are something I could never be But I know you're still there watching over me

Now (4x)
