

Bring It On

Dallas Smith

It's almost 2 A.M. here in the mornin' we're still up
An it's starting to go down just like whiskey in this cup
I light the fire you fan the flame it's like a drug
Girl with you there's no such thing as way too much

Bring it on anytime you want this desperado kinda love
That you're dreaming on even if I wanted to
You know it's too damn good to leave alone
Feels like we're right here in the middle of the storm before t
he calm
The way you do that magic thing you do girl's got me stoned
So bring it on
In the morning in the middle of the night
On a tin roof porch in a truck in a red dirt driveway
So bring it on my way bring it on
Bring it on

It won't be long 'til summer's gone and you're on your way
And I'm watching those Tallahassee tail lights fade
So girl before our sun sets down and it's too late
We ain't got no time to waste hey

So bring it on anytime you want this desperado kinda love
That you're dreaming on even if I wanted to
You know it's too damn good to leave alone
Feels like we're right here in the middle of the storm before t
he calm
The way you do that magic thing you do girl's got me stoned
So bring it on

On the couch with some Alabama on
And a Tennessee moonlit living room
Little bit sideways baby bring it on my way

So bring it on anytime you want this desperado kinda love
That you're dreaming on even if I wanted to
You know it's too damn good to leave alone
Feels like we're right here in the middle of the storm before t
he calm
The way you do that magic thing you do girl's got me stoned
Son bring it on

In the morning in the middle of the night
On a tine roof porch in a truck in a red dirt driveway
So bring it on my way bring it on
Bring it on

Yeah bring it on
