

# Classic

Dallas Smith

I lit a candle, on the mantle  
And I turned off all the lights  
And I sit here in my sweater  
On this cold and silent night  
And the winter winds blowing  
The snow won't stop snowing  
And Santa's on the roof  
Now all I need is you

Frank Sinatra, glad I got ya  
On my record player tonight  
Hey, Bing Crosby, yeah, you got me  
Dreaming of a Christmas that's white  
Ms. Mariah, every time ya sing it I know it's true  
That all I want for Christmas is you

So let the records play on this holiday  
Let it fill up every room  
Wont you sing to me, that old melody  
Just like you always do  
Cause you're timeless, and you're magic  
Every year I gotta have it  
Cause you make my Christmas classic

Brenda Lee, come with me  
And rock around the Christmas tree  
Amy Grant, take my hand down to tender Tennessee  
To the silver bells, winter wonderland  
Santa baby

Let the records play on this holiday  
Let it fill up every room  
Wont you sing to me, that old melody  
Just like you always do  
Cause you're timeless, and you're magic  
Every year I gotta have it  
Cause you make my Christmas classic

So, let the records play on this holiday  
Let it fill up every room  
Wont you sing to me, that old melody  
Just like you always do  
Cause you're timeless, and you're magic  
Every year I gotta have it  
Cause you make my Christmas classic
