

Timeless

Dallas Smith

Some things aren't built to last
They burn out, run out of gas, yeah
Most things come and go
Outta style, they lose their glow but
Best things you've gotta keep
Sweet as honey, meant to be
Picture perfect, put together
And only getting better

Just like a red wine, apple pie
Rolex, suit and tie
Granddaddy's Caddy shined up
Sitting in the drive
Mayberry, fishing pole
John Denver, country road
You know it once you find it
No other word describes it
Girl your love is timeless
Oh so timeless

You help me figure out
Just what my mama told me about yeah
When the right one comes along
She'll hit you like a classic song
She'll dance around up in your head
You'll hang on every word she said
And fifty years down the road
She'll still be good as gold

Just like a red wine, apple pie
Rolex, suit and tie
Granddaddy's Caddy shined up
Sitting in the drive
Mayberry, fishing pole
John Denver, country road
You know it once you find it
No other word describes it
Girl your love is timeless
Oh so timeless

You're a diamond
A '59 Gibson
You're the Ryman
You're getting finer with time

You're timeless
You're so timeless
Just like that

Red wine, apple pie
Rolex, suit and tie
Granddaddy's Caddy shined up
Sitting in the drive
Mayberry, fishing pole
John Denver, country road
You know it once you find it
No other word describes it

Girl your love is timeless
You're so timeless
Oh so timeless
