

Signs

Dalton Rapattoni

If you wanted me
Like you did yesterday
I'd be there tomorrow
Memories are sweet
But not worth the aftertaste
It's a hard pill to swallow

And I miss not having to miss you
And if by chance you feel the same
Then give me a map
And a reason to come your way
And I will follow

I don't know which way to go
And all I see is open road
But if it brings me back to you
It's worth the drive
So I'll keep looking for signs, signs, signs, signs
And if it brings me back to you
It's worth the drive
So I'll keep looking for signs

Like wisdom and wine
I needed the time to age
To see the world different
I've paid the price
Not valuing your embrace
My debt was distance

And I miss not having to miss you
And I promise you I have changed
We're still picture perfect
Inside a shattered frame
So let me fix it

I don't know which way to go
And all I see is open road
But if it brings me back to you
It's worth the drive
So I'll keep looking for signs, signs, signs, signs
And if it brings me back to you
It's worth the drive
So I'll keep looking for signs

Don't waste another
Second on the time we lost
If you need a reminder
One look into your eyes rewinds the clocks
And this love is a fighter
And this love is a fighter

I don't know which way to go
And all I see is open road
But if it brings me back to you
It's worth the drive
So I'll keep looking for...
I don't know which way to go

And all I see is open road
But if it brings me back to you
It's worth the drive
So I'll keep looking for signs
I don't know which way to go
And all I see is open road
But if it brings me back to you
It's worth the drive
So I'll keep looking for signs, signs, signs, signs
And if it brings me back to you
I'll be alright
So I'll keep looking for signs, signs, signs, signs
But if it brings me back to you
It's worth the drive
So I'll keep looking for signs
