

BACK ACTIVATED

Dame D.O.L.L.A.

I'm back activated
I'm really the nigga out here, I can't fabricate it
All this ice on me, I know I'm havin', baby
Me and them niggas cut from a different fabric, baby
I'm back activated, baby
Came with the baddest bitches, baby
The way I came in steppin' these niggas gonna hate me
I'm back activated, baby, oh

Hey, we outside like the patio
Same nigga at my peak as in my valley though
I've been in these streets balling like Alimo
Gang with me like we trying to start a rally, hoe
Shut it down for a minute, but now I'm him again
Torn Achilles still stepping when I'm limpin' in
Started poppin' niggas want to be my friend again
All my besties women 'cause niggas be more feminine
Look how they treat you when you humble, had to turn it up
A little action, now they then got these niggas burning up
They done stretched me for a hundred, know I'm earning much
I'm back active on fire like the furnace up
Yeah, catch me sucker ducking and dummy dodgin'
Real killer when I come around they on hospice
Nigga standing on his business and it's no nonsense
I'm back active like active-active I'm so honest

I'm back activated
I'm really the nigga out here, I can't fabricate it
All this ice on me, I know I'm havin', baby
Me and them niggas cut from a different fabric, baby
I'm back activated, baby
Came with the baddest bitches, baby
The way I came in steppin' these niggas gonna hate me
I'm back activated (Yeah), baby (Yeah), oh

Activated like a P-E-R-M
Know I'm paid in full like my nickname Ra-Kim
She ain't fucking with you, sorry, boy, you are not him
I'ma turn her out, every time I'm going temp
Call the barber up, tell them niggas I'm going trim
Niggas try to turn the light down, I ain't going dim
Baby, I'm the one, don't confuse me with one of them
Far from a saint, call me K, but I'm not Kim
Far from a saint, but I run it like AK
They wonder what I make, tell them niggas to make way
Shout out she a freak, grab my dick like a shake weight
They don't wanna see me doing good, but I'm great, great
The pork getting blazed, tell them niggas it's Dame time
Know I'm at your neck like a braid with no hang time
Ever felt lost in this shit like you boxed in?
I only fuck with real, if you that then we locked in, what's happenin'?

I'm back activated
I'm really the nigga out here, I can't fabricate it
All this ice on me, I know I'm havin', baby
Me and them niggas cut from a different fabric, baby
I'm back activated, baby

Came with the baddest bitches, baby
The way I came in steppin' these niggas gonna hate me
I'm back activated, baby, oh
