Dame D.O.L.L.A.

Small circle, small circle
Ayy

I keep a small circle (I do), family, couple homies
Know these suckers hating so I'm never by my lonely
You know how we rocking, this a testimony
Can never crack the code, better know it's members only

I feel like they think I'm goofy, don't ever disrespect me
Thankful for all my people Lord, you done really blessed me
Many come out of the blue, they from the field of lefties
Ones that never left me, with me riding jet skies
Them outsiders comment on my 'gram, where y'all at
"Can we pull up on ya?" I don't holla back
Curve game strong, move in silence, I'm a mac
Wanna get with us cause we up the hill, Jill and Jack

I keep a small circle (I do), family, couple homies
Know these suckers hating so I'm never by my lonely

I'm sticking to the code, you know it's fam first
It's been that from the beginning til they put us in the dirt
Ain't no hand outs or leeching, everybody gotta work
Had to spread my wings and fly, now watch my growth spurt
Yeah blood make you related but loyalty make you family
And we got some real loved ones wanna see us win a grammy
Feel people throwing shade, I don't think they understand me
Cause when I was doing bad, they the only ones who had me
So I keep my circle small, curve 'em all cause I ain't friendly
Mind on them dollars, I'm with D.O.L.L.A. in a Bentley
Now it's [?], we used to rock them pennies
Let them haters gas you up just to leave your pockets empty
And I'm the one they envy and hating, that's called jealousy
Mad cause I'm not stuck in the hood catching felonies
Gotta be solid and loyal to stand next to me
If you not talking money, what you telling me?
