

# Overnight

Dame D.O.L.L.A.

I done waited on this moment my whole life  
Price ain't cheap, I paid the fee, I had to sacrifice  
Wasn't perfect, put that work in just to earn a stripe  
I've been working, that's for certain, this ain't overnight  
Yeah, perfect timing that's how you know it's right  
Yeah, yeah, let's make a toast, the future looking bright  
Wasn't perfect, put that work in just to earn a stripe  
I've been working, that's for certain, this ain't overn-

Look, first, they prayed on all my failures, then they show me  
love

These just results from my investments, silly shoulder shrugs  
Niggas posting subs, I still ain't even hold a grudge  
Then they puzzled how I bubbled like I'm 'posed to budge  
Pushed a line, got family all energized  
Moved them out to Portland they hollerin' "Dolla time"  
Name a nigga that's hooping at this level with realer ties  
Wait, hold it, I only know one, that's DeMar Derozan  
All these showmen, niggas more Hollywood than Hogan, really pos  
ing  
Hooping in Portland, but really Oakland  
Getting tokens, more money-making in less emotions  
We in motion, I know my journey, we never boasting  
Cause the real ones know it's more difficult  
I keep a mental note, the trenches fold, be different bro  
I let my temper go  
If I send a shot it's intentional  
Bitch I've been a goat  
And if they want problems we physical  
Ha, dig a hole

I done waited on this moment my whole life  
Price ain't cheap, I paid the fee, I had to sacrifice  
Wasn't perfect, put that work in just to earn a stripe  
I've been working, that's for certain this ain't overnight  
Yeah, perfect timing that's how you know it's right  
Yeah, yeah, let's make a toast, the future looking bright  
Wasn't perfect, put that work in just to earn a stripe  
I've been working, that's for certain this ain't overnight

This ain't, yeah, this ain't overnight  
This ain't, no this wasn't overnight  
This ain't, yeah, this ain't overnight  
This ain't, no this wasn't overnight  
No this wasn't overnight  
No this wasn't overnight
